Dr. Aiden Zerowaste  
Chief Hiring Officer  
Save the Earth Corporation  
#1 Conservation Crescent  
Preservation city, Unwavering T4U 4I2

Dear Doctor Zerowaste:

You currently have an opening for a position in your Preservation Department. I am thrilled to submit my application for the Personal Care Assistant role. With my extensive experience in waste retrieval and storage, I am confident that I can make a significant contribution to the services you provide to your clients.

In my current position as Head of Operations, I have demonstrated my ability to handle high-pressure situations quickly and effectively. During the recent Covid 19 pandemic, I diverted 50% of my duties to that of an easily cleaned and stored face protection device thus decreasing the spread of the disease in the poorest countries of the world. Before that, my role was to provide assistance and promote physical and emotional well-being to humans. My extensive experience and my commitment to providing excellent service allowed me to perform a variety of tasks with a high level of expertise.

Being made of cotton, linen, bamboo or silk, I am environmentally friendly, flexible and kind to the skin. My proven longevity will be an asset in attracting new clients and ensuring their satisfaction with my services. As well, my size and robust constitution will reduce the amount of energy and natural resources necessary to perform my duties.

I have attached my résumé for your review and convenience. I look forward to hearing from you.

Respectfully,

Humble Handkerchief  
Nasal Passages Corporation  
2B Reused Avenue  
Recycle city, Phoenix Territory I4C 2B1

To whom it may concern,

Here is my hard copy submission for the Earth Month Writing Contest.

It is to be entered in the adult category for fiction. (I was born in November 1949)

It contains 525 words

I will attempt to send an email version of my submission later tonight.

I hope this note contains all the information you need. Yours,

Monique Coderre
